Skyislimit Technologies: Driven by passion, innovation and collaboration

Incepted in 2015, Salesfokuz is the brainchild of Dr. Manodh Mohan, the Founder and CEO of Skyislimit Technologies Private Limited, a start-up with its headquarters in Mumbai and branches in Kochi, Delhi, Texas (USA) and Dubai (UAE).

After developing and testing for 36 months, Salesfokuz, the customizable sales performance management tool, was introduced in the market in 2019. Salesfokuz is now being used by leading financial institutions namely SBI DFHI, CSB Bank, Saraswat Bank, DCB Bank, and various other leading organizations like Manikchand, Godrej, Fruitomans, Aizar, etc. Altogether Salesfokuz is now used by 10K+ tested users around the globe.

Started as a team of 3, the team Skyislimit now has a team of 90+ experienced profes-

sionals. Even amid the pandemic Dr. Manodh and his team successfully secured \$2 million as angel investment from a US-based visionary Suneel (Sonny)

Menon and his wife Shari Menon. They have also won 20+ awards and have been recognized by highly respected organizations for their customer-centric services.

The team further envisions to make Salesfokuz the most preferred sales management tool that helps organizations to digitize their sales activities, boost the performance of sales teams, analyze real-time data, and make accurate business decisions.
